Beloved Ones:

If you were privileged to look upon the electronic Presence of every person belonging to the human race, you would be amazed at the beauty, perfection and radiation of light which each one expressed. When you had become accustomed to the perfection of face and form, the gentleness of spirit, and the beauty of the light, you would be able to distinguish one from the other by the particular shape of the electrons that make up each one's vehicles, and you would find that those of each lifestream expressing beauty and perfection in themselves were composed of tiny geometrical designs differing from each other.

These designs form the keynote and pattern of the lifestream. The electrons of the Master Saint Germain, we know, are in the form of the Maltese Cross; those of the Lord Buddha - the open lotus; and Myself - the Dove. As the energy passes from your Presence into your heart, it maintains those beautiful designs, and thence it proceeds into your universe carrying that perfection into the form of your thought, your feeling, and your action.

When individuals like the Master Saint Germain or the Lord Buddha speak, the words that proceed from Their mouths and set up a vibration in the universe are made up of countless millions of tiny crosses or flowers. When They raise Their hands, the electrons passing from the hand are composed

of myriads of tiny forms representative of Their lifestreams. The atmosphere around Them is filled with millions and millions of these same tiny forms. The places where Their feet have stood have the imprint of these infinitesimal electronic patterns and that substance was imposed upon the garments that They wore, the rooms in which They lived, the trees that shaded Them, and the beds that They laid upon.

The most powerfully concentrated designs are closest to the physical body or the place where the individual abode during His last incarnation, and that it why you will find a certain identity in spiritual centers where great men and women achieved knowledge and spiritual victories.

Your home, environment, and personal effects are likewise powerfully charged with the electronic pattern of your individual lifestreams. That pattern itself is neutral, but the feeling that your energy releases through it determines its radiation. It is like your fancy cookie cutter that will make a form out of mud or dough. When the pattern of your lifestream is charged into the universal light substance - if your feeling is harmonious, its radiation will be of benefit to all life; if the feeling in inharmonious, it still carries your pattern, and as it proceeds into the universe, you will carry the responsibility for all the life it affects adversely before it returns in its circle to your world.

There is no man who can stand before the All-seeing Eye of God and deny the pattern of his own life energy imposed upon any part of life, either constructively or destructively, for where your

'stamp' is, like your footprint, there you have been, and to life you must answer for what was done there. Dear ones, I implore you, use, use, use the Thought Form for the year, to purify the electrons that have gone forth from your life-stream that still remain unredeemed, which bear your stamp and seal, before they start on their return journey back into your world bringing with them the unhappy vibrations that manifest as 'trouble' in its countless forms.

Love and Blessings,

MAHA CHOHAN
